Social Distancing Detection

KEEPING STAFF & RESIDENTS SAFE WITH TEMPERATURE SCREENING SOLUTIONS

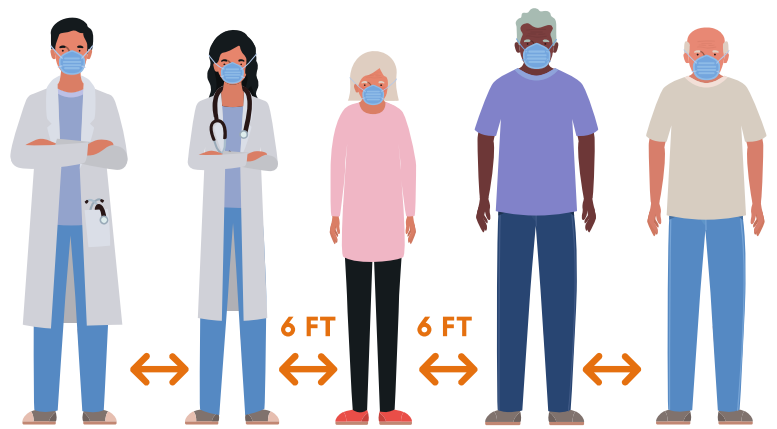

Healthcare and Assisted Living Facilities

Hikvision offers **fast** and **scalable** solutions focused on the health and safety of staff, residents, and visitors. The proactive screening of elevated temperatures at entrances, dining rooms, and other common areas is just one of the many ways Hikvision is committed to the safe reopening of our communities.

Temperature Screening Technology allows you to:

- Monitor workforce health and provide early detection of symptoms
- Monitor social distancing and protective equipment.
- Provide Temperature Checks.
- Manage the system including remotely through an app interface or control client.
- Prevent crowding and control capacity with queue detection and people counting.

Thermal Cameras include Smart Features such as an Audible "No Mask Warning" and "Social Distancing Detection"

Thermographic Module with Mask Detection
